

Hello. If you would like to send me any information for the April 2023 newsletter, please send it by 25th March. Thank you!

Imagine Church Envisioning Evenings | LICC

Part 2: 6 March | 7:15pm - 9:00pm

Tickets are still available to buy!

Join Steve Rouse, Church Team Director, as he shares what LICC has learnt about how to create a whole-life discipling church and helps you identify next steps for your context. LICC is an organisation that is passionate about empowering Christians and helping church leaders help their own church communities and equip them with the tools that will help them spread the Gospel.

Running across two evenings to fit around busy work schedules, this workshop is designed specifically for ministers and church leadership teams to come together and discover:

The biblical vision for whole-life discipling-making:

- The principles, practices and processes that make whole-life discipling possible
- Case studies and examples that embed those principles in real life contexts
- A framework and next steps for creating a whole-life discipling culture in your church

FIVE INSIGHTS TO HELP YOU EQUIP YOUR CONGREGATION TO SHARE THEIR FAITH (9 MARCH)

Our congregation members are on the 'frontline' wherever they find themselves Sunday to Saturday, but how do we encourage and resource them to share their faith in a relaxed, natural and helpful way? What are appropriate expectations to have of them? And how do we shape our equipping in a way that impacts the majority rather than just the interested few, so that 'every Christian is a courageous witness'?

Date: Thursday 9 March 2023

Time: 9.15-11.15am

Cost: £7

Please note bookings will close on Tuesday 7 March. Numbers are limited so early booking is advised.

This event is part of **Evangelism: How to Make it a Whole Church Ministry**, a new series of online

training sessions exploring how we as leaders can be catalysts for evangelism in our contexts. Accessible from your home, and packed full of easily applied ideas, you can attend these sessions as a series or as standalone events. (We aim for these events to be places where people can talk honestly about their situations and share their views, so they won't be recorded.)

RESOURCES

Thank you so much to those who were able to join us for the Inspire and Equip webinar on 25th January.

As promised, and for those who weren't able to join, please see the link to the Youtube session [here](#). We also attach a copy of the slides from the session.

THY KINGDOM COME WEBINAR –

The Light shines northward as the Year of Prayer inspires Telford

Deanery Team

Churches representing Christians from across 7 parishes in south Shropshire came together earlier this month in a special Prayer service to mark the start of our Year of Prayer across the diocese.

The service followed the festival of light in January, where representatives from across the 400 plus churches of the diocese came together at Hereford Cathedral, and each deanery representative received a unique candle, blessed by the Dean, the Very Revd Sarah Brown and Bishop of Hereford, The Rt Revd Richard Jackson.

Asylum has been a hot political topic in recent years. However, debates often seem to focus on refugees and asylum seekers as a

problem to be managed or dealt with, and forget that at the heart of the matter are people on the move, who are often highly vulnerable.

Our updated briefing seeks to put the current debates in context, explore what a Christian response to these issues might look like, and point towards the steps that could be taken to build a fairer and more compassionate asylum system.

Our Churches have recently spoken up on a number of issues facing refugees and asylum seekers in our communities.

How can we
campaign
for climate justice
locally? -

Webinars

Thursday 2 March 5:00pm

Are you or your church keen to get involved with our 'Net Zero in My Neighbourhood' campaign but want some support in approaching your councillors or members of local authority?

We're partnering with our friends at Hope For The Future, who'll share their expertise about best practice for approaching and engaging effectively with our local officials on issues to do with the climate crisis. We'll also be speaking about the importance of community and building a 'Net Zero in My Neighbourhood' network beyond.

The webinar will be run on Zoom, with opportunities to discuss and there will be interactive elements. We'll be running the webinar twice with the same content, so book whichever day and time is most convenient for you.
